

## QUICK AND EASY WRAP - MEAL

Lay the wrap out flat and spread on 1 tablespoon of mayonnaise, and along the edges to help hold the wrap once rolled. Lay filling of your choice – chicken, salad, eggs - across wrap and top with cream cheese. Starting from the side closest to you, fold up the bottom of the wrap, scrunch together firmly and continue rolling to form the sandwich wrap. Cut down the centre of the wrap to display the filling, wrap in a napkin, tie and serve.

Punjas wraps made from top quality ingredients using premium Australian wheat milled in flour with great taste and internationally accepted quality.
